

Juniata Valley Football League

League Meeting Minutes, 8 August 2005 at 8:00pm, Terrace Community Building

OLD ISSUES :

2005 Rosters were collected and reviewed.

2005 Flag Football Rules were reviewed for the League, Schedules will be available at the next Meeting.

Weight Charts were gone over for the first Regular Season Game. Each Team will prepare the chart with the players name and number, then they will be given to the opposing team coach. He will then fill in the weight's for all players, and return it to the next League Meeting. Copies will then be provided to all Head Coach's.

A vote was taken to roster a player (7 year old), for the Mount Union PWF. The player in question resides in the Southern Huntingdon School District where football at this age is not afforded to 7-8 year olds. The vote was 21-1 in favor for allowing Mount Union to roster this player.

An issue of a team rostering more than 40 players was discussed. Any issues that would arise with Mount Union having 43 players. The topic of dividing was mentioned, 20 and 20 to have 2 teams. The big issue was the League average per team at Pee-Wee's is 29 per team. The League had no problem with the team having more than 40 players, however, the Officers would like to see as many "B" Games played as possible with the numbers on the Pee-Wee and Midget Rosters this Season.

Head Coach's in the League Refereeing League Games was talked about. The League has no problem as long as it is not his own team, and may referee any midget contest.

All Organizations were present for the League Meeting.
